

Fraser King BA (Hons) LLB

Staff Solicitor

Fraser King completes the family team at Dennis King Law. A graduate of Waikato University with BA (Hons) and LLB, he particularly enjoys the intellectual challenges of litigation and the court process. While he has taken up a full-time position here, he is also studying part-time for his master's degree and remains an officer in the Territorial Force in which he has served for the past four years. Fraser brings fresh energy and good humour to the office. He is well known in Taranaki as an accomplished equestrian, competing at two-star level in national three day events. His return to New Plymouth has given him the opportunity not only to further his legal career but to develop his interests in both competitive riding and breeding horses as well.
