

Kelly Jenkins

Secretary

A Taranaki girl through and through. Kelly was born and educated at Puketapu and New Plymouth Girls High School. Working in an office was the next step and she then decided law was the area she preferred.

Starting as an Office Junior Kelly was soon promoted to a Legal Secretary with a big conveyancing workload. Eventually restless feet saw her set out on her OE. After two months of exploring Italy and Amsterdam a job with an online fashion company in London took her to Paris before being called home due to family circumstances.

After another stint in law, this time in Wellington, the call of the Naki became too strong as well as the wonderful lifestyle Taranaki has to offer, together with family ties, is what Kelly decided she wanted. Having been in the XI cricket team and senior B netball team at high school Kelly is keen to get amongst it again.
