

Kim Huta

QA Manager

Kim has worked in law firms all her professional life, beginning as an office junior then graduating first to a position as an accounts clerk and then to a role as a combined receptionist and accounts clerk, maintaining both the clients' trust account and the firm's business account, before taking parental leave. Kim and her partner, Mark, now have a beautiful baby daughter, Mya. With all her knowledge of Dennis King Law's systems Kim is in a perfect position to document the firm's procedures and is now working part time compiling the firm's manuals. It is a job that suits her well as she has an aptitude for excellent presentation of documents and attention to detail. Kim was born and bred in Inglewood, which is where her grandfather on her father's side immigrated from Poland in 1953 after fighting in the Polish Cavalry in the Second World War, bringing the 'Huta' name with him. After hours Kim is happiest being a "young mum" socialising with other young mums, family and friends.
